

Career Presentation

Hear from our staff about careers at the Alaska Wildlife Conservation Center.

Presentation Options:

- General AWCC Careers - Learn about all the roles at our sanctuary and how they each contribute to our mission.
- Animal Care at AWCC - This presentation is specifically designed for students interested in a future career in animal care and/or veterinary medicine.

Program Length: 1 hour

Grades: 8 - College

Objective: Students explore what roles make up our organization, how each supports our mission, and how their skills and interests could contribute to wildlife conservation.

Relevant Learning Standards: Employability Standards A & B

Outreach or Virtual options: This program can be led at AWCC during a field trip, travel to your school or organization, or be presented using a virtual platform.
