

Porcupine Presentation

Meet one of AWCC's resident North American porcupines up close! Viewing an ambassador animal, like this iconic Alaskan species, creates a personal connection between students and wildlife. Take a look at porcupine tracks, skulls, and quills and learn all about the lives of porcupines.

Program Length: 30 minutes

Grades: all ages

Objective: Students learn the unique adaptations of porcupines that allow them to thrive in their environment.

Relevant Learning Standards: 2-LS4-1, 3-LS3-2, 4-LS1-1
