

Puppet Show

Dive into the wild world of Alaskan animals during an interactive puppet show!

Choose one topic:

- **Animal Ambassadors:** Discover how animals find a home at AWCC and become a part of the Animal Ambassador Team. The audience participates in the story as Junior Naturalists ready to help wildlife.
- **Belugas:** Join a scientist who is looking for endangered Cook Inlet beluga whales. Find out what threats belugas face and how we can protect this species.

Program Length: 45 minutes

Grades: Pre-K - 2

Objective: Students learn about animal adaptations and wildlife stewardship.

Relevant Learning Standards: K-ESS3-3, 2-LS4-1, TH:RE1a-K, TH:RE8a-1, TH:Cn10a-1

Outreach option: This program can be led at AWCC during a field trip or travel to your school or organization.
